Who we are

Sakaramenta is a social enterprise based in Malawi. We manufacture simple, strong and sustainable design solutions. We have a variety of products including like full collections of hospital furniture, playground equipment and push/ bicycle carts. Furthermore, we are the sole distributor, in Malawi, of the strong Buffalo Bicyclle.

The workshop of Sakaramenta is based in Blantyre, where our experienced and well-educated staff are making high-quality products.With a remarkable experience and good track record of over seven years of traceable production in products that benefit Malawi. Among our customers are the main international NGOs, private sector and health centres. We strive to understand and learn what our clients' needs and programs are before designing any product; proper research is also carried out to ensure the practicability of the product.

Sakaramenta has proven its innovation over the years by introducing a wide variety of locally made new products. We are proud to share with you our Product Catalog and we look forward to work together with you.
